

Fantastic Opportunity for your Members

We would like to introduce you to a new marketplace website, which offers all the features of similar sites, but with a host of added benefits.

www.working-bees.com is one of the most feature rich and comprehensive service-based websites online today, and our unique range of facilities makes this the ideal platform for providers as well as customers. Our goal is to bring the finest service providers together and enable customers to trust us as a reliable and useful resource. Additionally, www.working-bees.com provides an advertising opportunity for providers as well as a thriving online community for sharing tips and advice.

Special Promotion

We are currently looking for talented individuals and companies to join our service, and are offering tremendous discounts for members of trade and professional organizations.

www.working-bees.com has three membership offerings, from free Basic Accounts to Expert and Master Accounts. All of these accounts allow members to explore and interact with various features of our site, but we have a special promotion underway for members from associations and trade groups. Any of your members that open an Expert or Master Account will receive a **60% discount** on the cost of their subscription for a limited period. To qualify for the discount, they will have to sign up online at: www.working-bees.com and enter promotional code xxxx when prompted.

Our prices are already low, and there are no hidden fees or complicated pricing schemes. For a low monthly fee, members can enjoy a wide range of features designed not only to provide a great source of potential revenue, but also to increase their marketability. Once the monthly fee is paid there are no additional costs; unlike other websites, which impose a commission fee for every sale.

Networking

The social networking aspect of our website enables people to share advice, feedback and suggestions as well as being able to build new and useful business relationships. This is perfect for those looking for a new and cost effective way to hone their skills while advertising their services.

Members' Benefits

We provide the convenience of a business directory without the hassle. Members of www.working-bees.com can browse through 850 services in 40 different categories, and if providers are offering a service not currently listed, they can

ask to have it added. As customers search for the best match, they can view profiles, look at customer feedback and make an informed decision.

Other features that providers will benefit from are a booking facility, and analytics service. The booking facility enables providers to keep a schedule of their availability. This allows customers to arrange a mutually convenient time to have their services carried out. With analytics providers can see at a glance who is viewing their details. Additionally, they can pinpoint where these viewers are located and the times at which their details are viewed.

Our site is free to try, and inexpensive to join, with no commissions or hidden fees. As more people discover the benefits of the unique platform we provide, www.working-bees is becoming one of the most valued marketplace services available. In fact, www.working-bees.com is perfect for anyone looking for new and exciting marketing and professional development opportunities. You can have a look at our services today at: www.working-bees.com.
